Seniors Helping Seniors® started in 1998 with a simple concept that seniors can help each other age better and that those who give and those who receive equally benefit. Seniors Helping Seniors® match seniors who want to provide non-medical home care, companionship, and home maintenance support services with seniors who are looking for assistance. The ultimate goal of the company, founded by Kiran and Philip Yocum, is to provide seniors with the ability to choose an independent lifestyle in their own homes for as long as possible, with dignity and respect they deserve by finding caring seniors to assist each other.
